

Evinrude E-TEC G2 225-300hp & 200-250hp HO

MotorMate® outboard locking system

Protects your investment during towing

Prevents damage to the steering system

Marine grade stainless steel components

Lifetime warranty guarantee

1. Straighten motor to ensure proper alignment and seating.

2. Raise engine to about a 50 degree angle.

Be sure it is raised high enough to allow the support feet of the MotorMate to rest on the top surface of the engine transom plate.

4. Slowly lower engine until the two support feet of the MotorMate equally engage the back wall of the engine transom plate.

3. Insert the rounded capped ends of the MotorMate into the lower openings of the engine drive shaft housing.

5. To remove the MotorMate, hold the MotorMate close to the drive shaft housing and raise the engine until the support feet end is clear of the transom plate.

Continue to raise the motor and remove the MotorMate.

The cover around the motor contact points may be damaged and/or cracked if instructions are not followed. MotorMate is not responsible for any damage to the MotorMate unit or any part of the motor due to improper installation or use.

LIMITED WARRANTY

EPCO Products, Inc., warrants the MotorMate Outboard Motor Locking System to be free from defects in materials or workmanship for the lifetime of the MotorMate. This warranty is granted to the original purchaser of the MotorMate unit. This warranty does not cover any MotorMate unit that has been modified in any way or if it is used with a motor for which it was not originally designed nor specified. This warranty does not cover damage, loss or failure which results in whole or in part from improper installation, misuse, neglect, failure to properly maintain, or other damage caused by inappropriate handling or use of, the MotorMate.

This warranty is limited to repair or replacement of the defective MotorMate in the sole and exclusive discretion of EPCO Products, Inc. This warranty does not cover, and no claim shall be made hereunder for, consequential damages, secondary charges, incidental damages, labor, installation costs or expenses, or losses or liability to third parties for personal injury or property damage proximately resulting from defects in the MotorMate. **ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, ARE EXCLUDED AND DISCLAIMED, EXCEPTING ONLY THE EXPRESSED WARRANTIES SPECIFICALLY SET FORTH IN THIS LIMITED WARRANTY.**

Breach or failure under the foregoing warranty shall not be grounds to rescind any agreement under which the MotorMate has been purchased or to claim set off or other remedies against EPCO Products, Inc., or any other party as a result of such breach or defect.

In order to make a claim under this warranty, the owner of the MotorMate must provide written notice of specific defects to EPCO Products, Inc., promptly, and in no event more than thirty (30) days, after discovery of such defect. The owner may return a defective MotorMate only upon receipt of written return authorization from EPCO Products, Inc.
